OBJECTIVE

This fund's objective is to achieve high total investment return by investing in primarily equity securities of companies anywhere in the world that pay, or may be expected to pay, dividends, as well as in other types of securities that may be expected to distribute income. Any change to the fundamental investment objective must be approved by a majority of votes cast at a meeting of unitholders held for that reason.

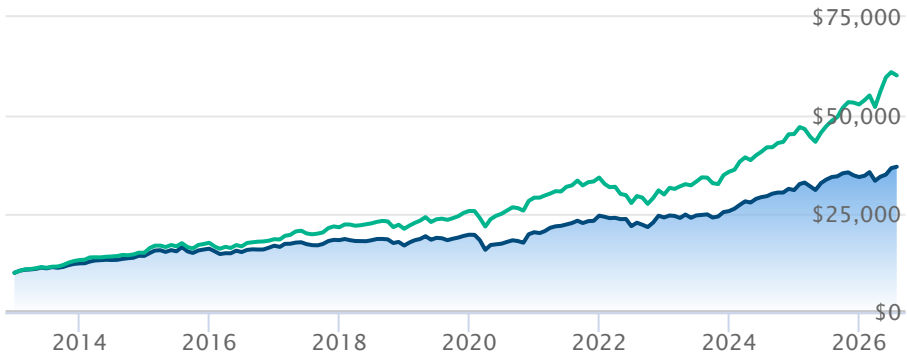
GROWTH OF $10,000

Annual values as of July 31, 2026



The information contained on this page is related only to the designated fund or funds shown above. As part of a BMO Life Assurance Company policy, you do not purchase units in this designated fund or a legal interest in any security.

Past performance is no guarantee of future performance. All returns are historical annual compounded total rates of return and reflect changes in yield and distributions reinvested. Managed Indexed, Managed Portfolios and Market Indexed accounts credit an interest amount mirroring the net rate of return of a specified underlying investment, less a BMO Life Assurance Company daily management fee. These rates of return do not reflect the current BMO Life Assurance Company management /universal life fee which must be taken into consideration when determining the net return earned on the account.
