The information contained in this profile is related to the index indicated above. As part of a BMO Life Assurance Company policy, you do not purchase units in this index or a legal interest in any security.

OBJECTIVE

This account credits an interest amount mirroring the percentage change in value of the securities in the Russell 2000 Index (including dividends) as tracked by the fund index. The Russell 2000 Index is comprised of the 2000 smallest companies out of the 3,000 largest U.S. companies according to market capitalization. Returns, adjusted for currency fluctuations, are calculated between consecutive valuation days and a daily management fee will be subtracted each calendar day.

Past performance is no guarantee of future performance. All returns are historical annual compounded total rates of return and reflect changes in yield and distributions reinvested. Managed Indexed, Managed Portfolios and Market Indexed accounts credit an interest amount mirroring the net rate of return of a specified underlying investment, less a BMO Life Assurance Company daily management fee. These rates of return do not reflect the current BMO Life Assurance Company management /universal life fee which must be taken into consideration when determining the net return earned on the account.
